SUMMARY

Enthusiastic and detail-oriented Computer Science Engineering graduate with a strong foundation in software development. Proficient in programming languages including C, C++, and Java, with a solid understanding of Data Structures and Algorithms. Experienced in front-end web development using HTML, CSS, and JavaScript. Passionate about problem-solving and committed to continuous learning. Eager to apply academic knowledge and hands-on experience in a dynamic and growth-oriented software development role.

Education

PANIPAT INSTITUTE OS ENGINEERING AND TECHNOLOGY	September 2021 - June 2025
Bachelors of Technology in Computer Science and Engineering	CGPA: 6.7
Govt.Senior secondary school piprakhem (class Xll)	may 2019- Mar 2021
	Percentage: 60.0

Experience

JAVA developer | PwSkills Pvt. Ltd.   September 2023 - Oct 2024

- Developed and maintained high-performance applications using Java, Spring Boot, and Hibernate.
- Implemented RESTful APIs and integrated third-party services for enhanced functionality.
- Collaborated with cross-functional teams to troubleshoot issues and optimize code for scalability and efficiency.

Projects

Developed an interactive quiz system that allows users to participate in timed quizzes on various topics.Implemented features such as user registration, quiz creation, question randomization, and result tracking. Designed a user-friendly interface to enhance the overall quiz-taking experience. Integrated a backend database to store quiz questions, user scores, and performance analytics.Ensured security measures to prevent cheating and unauthorized access.

Certifications

- Codesoft (web development)
- PwSkills (FullStack java Developer)
- ORACLE (Database with SQL) .
- ORACLE (JAVA)

Skills and Interests

Java,C, C++, HTML, CSS, JavaScript, MongoDB, SQL, Git, Excel, Video Editing, Content Creation, Teamwork, Leadership, Public Speaking

Relevant Coursework

Data Structures, Algorithm, Database Management System, Object Oriented Programming, MySQL,MongoDB, Natural Language Processing,

Positions of Responsibility

LEADEROFGROUPPROJECT

Led the development of a full-featured social media platform, managing a cross-functional team to implement user authentication, posting, exploring, and profile features. Ensured timely delivery, quality assurance, and successful project launch using and MongoDB Open Source Contribution

- Contributed GitHub to share knowledge and insights with the community.
- Contribute 40+to PwSkills DSA Task Solution Onboarding on GitHub providing insights, knowledge to the community.
